

## Course of Studies and Professional Career:

1986- 1990	Undergraduate Student of Faculty of Agricultural Engineering & Technology, IPB University, Indonesia (Agricultural Engineering)
1997-1998	Research Student at Ibaraki University, Japan
1998 -2000	Master Student at Ibaraki University, Japan (Agricultural & Environmental Engineering, research thesis on Ergonomics in Agricultural Work System)
2000 -2003	Doctoral Student at United Graduate School of Agriculture, Tokyo University of Agriculture and Technology (Agricultural Science & Engineering, research dissertation on Ergonomics in Agricultural Work System)
2003	Post-Doctoral Research Fellow at Ibaraki University
2008	Associate Prof. at Faculty of Agricultural Engineering & Technology, IPB University, Indonesia (Agricultural & Bio-system Engineering)
2017	Professor at Faculty of Agricultural Engineering & Technology, IPB University, Indonesia (Agricultural & Bio-system Engineering)
2007-2015	Visiting Lecture/Professor at Graduate School of Agriculture, Ibaraki University
2018- 2022	Secretary & Vice Head of the Institute for Research & Community Services, IPB University, Indonesia
2022- now	Director for Research, Technology and Community Services, The Ministry of Education, Culture, Sciences and Technology, Republic of Indonesia.

## Specialized Fields & Research Interest:

Agricultural work system research, Ergonomics/Human Factors in agricultural work system, Research Research and Plan for sustainable agricultural production system
