Welcome to KYOTO

Welcome Message

It is a great pleasure and an honor to extend to you a warm invitation to attend "The XX CIGR World Congress 2022" to be held December 5th – 9th, 2022 at Kyoto International Conference Center, Kyoto, Japan.

The theme of this CIGR World Congress, “Sustainable Agricultural Production – Water, Land, Energy and Food”, will underscore the need for celebration and cooperation of individuals from a wide range of professional backgrounds. This Congress will provide an excellent international platform for academicians, researchers, engineers, industrial participants, and students from around the world to share their research findings with global experts in all areas related to agricultural engineering.

Kyoto has flourished as the capital of Japan for over a millennium, since 794. The city has an abundance of historically significant and unique locations, and has preserved its refined culture, historical sites, and innumerable Shinto shrines and Buddhist temples, continuing to fascinate visitors from all over the world.

We hope you will enjoy the content of the Congress, renew old friendships, make new friends, get new ideas, and above all, have a good time, as well as enjoy the city famous for its cultural traditions.

With best wishes,

Congress General Chair Noboru Noguchi
